

SINGING SANDS

Folk Music & Cultural Festival

The Desert Resort, Mandawa, Rajasthan, India

12-13-14 March 2027

singing sands

There's something magical about sharing stories on warm, carefree afternoons and cool desert evenings.

Singing Sands is an invitation into Rajasthan's heart… its music, crafts, stories, food and ways of living.

You meet the people behind the traditions. Listen to their stories. Try your hand at their craft. Share a meal. Perhaps learn a few dance steps along the way.

It is a festival designed for participation, curiosity and unhurried discovery... unique, intimate, authentic, transformative.

Come curious. Leave feeling more like yourself than ever.
